[attachment "Dimock Qs and As for House SST Committee Hearing R3 6-19-12.docx" deleted by Laura Mohollen/R3/USEPA/US]
Pamela - here are R3's Qs and As on Dimock in preparation for the hearing. These have been reviewed by the RA, but not extensively by OSWER (I understand they're in the middle of an exercise). Randy Dietz indicated he was OK with these based on a preliminary reading, but if OSWER has any edits, we're going to ask them to get them directly to OCIR.

I know that you are aware that we could have many pages of Qs and As - if you take a look at these and think we should prepare something more extensive, please let me know ASAP. (I wanted to send these prior to the noon Wednesday deadline to allow for that.) Also, please check in with us prior to the hearing, as there will likely be new, additional information.

I'm also cc-ing Laura Mohollen in our office on this to bring her up to speed...Laura has been covering Virginia for us and we're going to be swapping assignments over the next couple of weeks.

Any questions, just let me know.

Thanks!
Jennie

Colleagues:

Following please find a list of broad ranging issues that have been identified by OCIR as those that the Administrator may encounter questions during the hearing. She will be testifying before the House Science, Space, and Technology Committee on June 28 and you are being asked to provide Qs&As to facilitate OCIR's preparation for this hearing.

Below you will find each topic with the lead office with responsibility for developing the Q&A listed beside it. Each response should contain no more than five sentences to address the relevant question being raised. Unless otherwise noted or contacted independently, please have your submissions to me no later than Wednesday, June 20 at NOON.

Please contact me ASAP with any questions or concerns.
